ZENITH kompaniyasi haqida

O'zbekistonda professional yong'indan himoya qilish va metall konstruktsiyalarni bo'yash.

ZENITH kompaniyasi sanoat, infratuzilma va tijorat ob'ektlarida metall konstruksiyalarni himoya qilish va bo'yash bo'yicha kompleks ishlarni bajarishga ixtisoslashgan. Biz O'zbekiston Respublikasining amaldagi qurilish va yong'in standartlariga muvofiq yong'inga qarshi ishlov berish, korroziyaga qarshi himoya, qumni tozalash va sanoat bo'yoqlarini amalga oshiramiz. Bizning echimlarimiz turli maqsadlar uchun mo'ljallangan ob'ektlarda qo'llaniladi: ishlab chiqarish korxonalari, logistika majmualari, energetika ob'ektlari, neft va gaz infratuzilmasi, savdo markazlari va turar-joy binolari. Kompaniya ishning to'liq tsikli printsipi asosida ishlaydi — sirtni tayyorlash va dizayn echimlaridan himoya qoplamalarini qo'llash va ob'ektni etkazib berishgacha.
